

SOUTHEASTERN PREPARATORY ACADEMY'S LANGUAGE IMMERSION PROGRAM

Dear Parents,

We are thrilled to extend this invitation to you and your child to join Southeastern Preparatory Academy's Language Immersion Program. At Southeastern, we believe in providing a holistic education that nurtures not only academic excellence but also a deep appreciation for languages, arts, and athletics.

Our Language Immersion Program offers a unique opportunity for students to become fluent in Mandarin, French, and Spanish while engaging in a rich cultural experience. With dedicated language instructors and immersive learning environments, your child will develop language skills that will serve them well in an increasingly interconnected world.

In addition to our language curriculum, we pride ourselves on our robust ***visual and performing arts program***. From painting and sculpture to theater and music, students have the opportunity to explore and excel in various artistic disciplines under the guidance of experienced instructors.

Furthermore, we understand the importance of ***physical fitness and teamwork***. Our athletics program provides students with the opportunity to participate in a wide range of sports, fostering physical well-being, sportsmanship, and leadership skills.

We believe that by providing a well-rounded education that encompasses languages, arts, and athletics, we are preparing our students to thrive in a diverse and dynamic world.

We invite you to learn more about Southeastern Preparatory Academy's Language Immersion Program by attending one of our upcoming information sessions or scheduling a tour of our campus. Please feel free to contact us with any questions you may have.

Thank you for considering Southeastern Preparatory Academy for your child's education. We look forward to welcoming you into our vibrant and supportive community.

Sincerely,
Roselita Victor

SEPA PRESCHOOL IMMERSION PROGRAM

At Southeastern Preparatory Academy, our preschool immersion program in English, French, and Arabic aims to foster multilingual proficiency and cultural awareness among young children. The program caters to children aged 3 to 5 and integrates language learning into daily activities to create an engaging and immersive educational experience. Here are the detailed components, goals, and strategies of our program:

CURRICULUM

1 CURRICULUM INTEGRATION:

- ◆ Our curriculum integrates language learning into various subjects such as math, science, social studies, and reading.
- ◆ We use thematic units that allow children to explore topics in all three languages, ensuring that language learning is context-based and meaningful.

2 LANGUAGE IMMERSION:

- ◆ We implement a language immersion model where English, French, and Arabic are used as the primary languages of instruction.

3 QUALIFIED TEACHERS:

- ◆ Our teachers are native speakers or highly proficient in English, French, and Arabic.
- ◆ Our teachers are trained in early childhood education and immersion teaching techniques.

4 CULTURAL EDUCATION:

- ◆ We incorporate cultural elements from English, French, and Arabic-speaking countries through stories, songs, games, and celebrations.
- ◆ We organize cultural events and activities that involve families and the community to foster cultural appreciation and engagement.

SEPA PRESCHOOL IMMERSION PROGRAM

GOALS

1 LANGUAGE PROFICIENCY:

- ◆ Our teachers develop basic proficiency in listening, speaking, reading, and writing in English, French, and Arabic.
- ◆ We encourage children to use the target languages naturally and confidently in various settings.

2 COGNITIVE DEVELOPMENT:

- ◆ Our teachers enhance cognitive skills such as problem-solving, critical thinking, and memory through bilingual and multilingual education.
- ◆ We support overall academic development by integrating language learning with other subjects.

3 CULTURAL AWARENESS:

- ◆ We foster an appreciation for cultural diversity and global perspectives.
- ◆ We help children develop an understanding and respect for different cultures and traditions.

OUR TEACHING STRATEGIES

1 INTERACTIVE AND PLAY-BASED LEARNING:

- ◆ Our teachers use play-based and hands-on activities to make language learning enjoyable and effective.
- ◆ We incorporate games, songs, and interactive stories that engage children and encourage active participation.

2 VISUAL AND CONTEXTUAL SUPPORTS:

- ◆ We use visual aids, such as pictures, flashcards, and realia, to support language comprehension and retention.
- ◆ We create a language-rich environment with labels, posters, and displays in all three languages.

SEPA PRESCHOOL IMMERSION PROGRAM

3 ROUTINE AND REPETITION:

- ◆ Daily routines that incorporate all three languages to provide consistent practice are established.
- ◆ Repetition and reinforcement through familiar songs, phrases, and activities to build language skills are used.

4 SMALL GROUP AND INDIVIDUAL ACTIVITIES:

- ◆ Teachers conduct small group activities that allow for more personalized interaction and language practice.
- ◆ We provide individual support and differentiated instruction to meet the varying needs of children.

RESOURCES

1 MULTILINGUAL RESOURCES:

- ◆ Provide a variety of books, audio-visual materials, and manipulatives in English, French, and Arabic.
- ◆ Ensure that learning centers and play areas support language development through themed activities and materials.

2 CULTURAL DISPLAYS:

- ◆ Our classroom is decorated with cultural artifacts, posters, and student projects that reflect the cultures associated with each language.
- ◆ We create a welcoming and inclusive atmosphere that celebrates linguistic and cultural diversity.

By implementing these strategies, Southeastern Preparatory Academy's preschool immersion program aims to provide young children with a strong foundation in multiple languages, fostering cognitive development, cultural awareness, and a lifelong love of learning.

SEPA ELEMENTARY CURRICULUM

1 KINDERGARTEN

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Phonics and Phonemic Awareness: Introduction to letter sounds, blending, and segmenting.
- ◆ Reading Recognizing sight words, understanding simple texts, and developing listening skills.
- ◆ Writing: Forming letters, writing simple words, and beginning to compose sentences.
- ◆ Speaking and Listening: Sharing stories, participating in discussions, and following directions.

MATH/MANDARIN

- ◆ Number Sense: Counting, recognizing numbers, and understanding basic number concepts.
- ◆ Operations: Introduction to addition and subtraction using manipulatives.
- ◆ Shapes and Patterns: Identifying and creating patterns, recognizing basic shapes.
- ◆ Measurement: Understanding size, weight, and capacity through hands-on activities.

SOCIAL STUDIES/FRENCH

- ◆ Community Helpers Learning about various community roles and responsibilities.
- ◆ Geography: Introduction to maps and globes, identifying land and water.
- ◆ Cultures: Understanding family traditions and celebrations around the world.

SCIENCE/FRENCH

- ◆ Community Helpers Learning about various community roles and responsibilities.
- ◆ Geography: Introduction to maps and globes, identifying land and water.
- ◆ Cultures: Understanding family traditions and celebrations around the world.

2 GRADE 1

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Reading: Developing decoding skills, reading simple stories, and answering comprehension questions.
- ◆ Writing: Writing complete sentences, using basic punctuation, and beginning narrative writing.
- ◆ Vocabulary: Expanding vocabulary through reading and discussions.
- ◆ Speaking and Listening: Participating in group discussions, retelling stories, and giving simple presentations.

SEPA ELEMENTARY CURRICULUM

MATH/MANDARIN

- ◆ Number Sense: Understanding place value, counting to 100, and comparing numbers.
- ◆ Operations: Addition and subtraction within 20, solving word problems.
- ◆ Geometry: Recognizing and drawing shapes, understanding spatial relationships.
- ◆ Measurement and Data: Measuring length, understanding time and money, collecting and interpreting data.

SOCIAL STUDIES/FRENCH

- ◆ Communities: Understanding different types of communities and how they function.
- ◆ Maps and Globes: Reading simple maps, understanding directions.
- ◆ Historical Figures: Learning about important figures in history and their contributions.

SCIENCE/FRENCH

- ◆ Life Science: Studying habitats, life cycles of plants and animals.
- ◆ Earth Science: Investigating natural resources, types of landforms, and weather.
- ◆ Physical Science: Understanding forces and motion, exploring simple machines.

3 GRADE 2

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Reading: Improving fluency, reading chapter books, and discussing main ideas and details.
- ◆ Writing: Writing narratives, informative texts, and simple opinion pieces.
- ◆ Grammar: Learning parts of speech, sentence structure, and punctuation.
- ◆ Speaking and Listening: Sharing ideas clearly, participating in collaborative conversations.

MATH/MANDARIN

- ◆ Number Sense Understanding three-digit numbers, place value, and number patterns.
- ◆ Operations: Addition and subtraction within 100, introduction to basic multiplication.
- ◆ Geometry: Identifying and describing shapes, understanding symmetry.
- ◆ Measurement and Data: Measuring length, weight, and volume, creating and interpreting graphs.

SEPA ELEMENTARY CURRICULUM

SOCIAL STUDIES/FRENCH

- ◆ Communities and Geography: Understanding rural, urban, and suburban areas.
- ◆ History: Learning about historical events and timelines.
- ◆ Civics: Introduction to government, rules, and responsibilities of citizens.

SCIENCE/FRENCH

- ◆ Life Science: Studying plants and animals in different ecosystems.
- ◆ Earth Science: Exploring the water cycle, weather patterns, and natural disasters.
- ◆ Physical Science: Investigating properties of materials, changes in matter.

4 GRADE 3

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Reading: Enhancing comprehension skills, reading diverse genres, identifying themes and characters.
- ◆ Writing: Writing detailed narratives, informative texts, and opinion essays.
- ◆ Grammar: Using correct punctuation, understanding verb tenses, and complex sentences.
- ◆ Speaking and Listening: Presenting information clearly, engaging in discussions.

MATH/MANDARIN

- ◆ Number Sense: Understanding place value to thousands, rounding numbers.
- ◆ Operations: Addition, subtraction, and multiplication within 100, introduction to division.
- ◆ Fractions: Understanding and comparing fractions.
- ◆ Geometry: Exploring area, perimeter, and properties of shapes.
- ◆ Measurement and Data: Using standard units to measure, interpreting charts and graphs.

SOCIAL STUDIES/FRENCH

- ◆ Geography: Understanding maps, regions, and physical features of the Earth.
- ◆ History: Learning about early civilizations and American history.
- ◆ Economics: Introduction to goods, services, and basic economic concepts.

SCIENCE/FRENCH

- ◆ Life Science: Studying the interdependence of living things, ecosystems, and food chains.
- ◆ Earth Science: Exploring rock formations, soil types, and natural resources.
- ◆ Physical Science: Understanding states of matter, heat, light, and sound.

SEPA ELEMENTARY CURRICULUM

5 GRADE 4

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Reading: Analyzing texts, understanding plot, setting, and character development.
- ◆ Writing: Writing structured essays, research reports, and creative stories.
- ◆ Grammar: Mastering punctuation, complex sentences, and paragraph structure.
- ◆ Speaking and Listening: Conducting presentations, participating in debates.

MATH/MANDARIN

- ◆ Number Sense: Understanding place value to millions, advanced multiplication and division.
- ◆ Fractions and Decimals: Comparing, adding, and subtracting fractions and decimals.
- ◆ Geometry: Understanding angles, symmetry, and properties of polygons.
- ◆ Measurement and Data: Converting units of measure, interpreting data sets and graphs.

SOCIAL STUDIES/FRENCH

- ◆ U.S. Geography: Studying states, capitals, and major geographical features.
- ◆ History: Exploring early American history, colonial times, and the American Revolution.
- ◆ Government: Understanding the Constitution, branches of government, and civic responsibilities.

SCIENCE/FRENCH

- ◆ Life Science: Exploring human body systems, plant and animal adaptations.
- ◆ Earth Science: Studying weathering, erosion, and the rock cycle.
- ◆ Physical Science: Investigating energy, electricity, and magnetism.

6 GRADE 5

ENGLISH LANGUAGE ARTS (ELA)/ SPANISH:

- ◆ Reading: Interpreting complex texts, identifying themes, and comparing texts.
- ◆ Writing: Writing persuasive essays, detailed research papers, and narrative pieces.
- ◆ Grammar: Using advanced grammar structures, varying sentence types, and cohesive paragraphs.
- ◆ Speaking and Listening: Delivering presentations, leading group discussions.

SEPA ELEMENTARY CURRICULUM

MATH/MANDARIN

- ◆ Number Sense: Understanding place value with decimals, advanced operations.
- ◆ Fractions and Decimals: Multiplying and dividing fractions and decimals.
- ◆ Geometry: Understanding volume, surface area, and coordinate planes.
- ◆ Measurement and Data: Analyzing data, understanding probability and statistics.

SOCIAL STUDIES/FRENCH

- ◆ World Geography: Exploring continents, countries, and cultural regions.
- ◆ History: Studying ancient civilizations and world history.
- ◆ Economics: Understanding supply and demand, trade, and the global economy.

SCIENCE/FRENCH

- ◆ Life Science: Investigating cells, heredity, and ecosystems.
- ◆ Earth Science: Exploring Earth's structure, plate tectonics, and space science.
- ◆ Physical Science: Studying chemical reactions, forces, and motion.

Our detailed elementary curriculum at Southeastern Preparatory Academy ensures that students receive a well-rounded education that prepares them for future academic challenges. For more information or specific curriculum details, please contact us.
